TORCH 1988

Here at East Bridgewater High School everyone works together. When we look at student life, it resembles a chain. Each class, club, group and individual will always be a special link. Throughout our four years of high school, we've become more aware of our place in the chain. As we look to the future we know that in our hearts we will be TOGETHER FOREVER!

I hold no dream of fortune vast, Nor seek undying fame. I do not ask when life is past That many know my name.

I may not own the skill to rise To glory's topmost height, Nor win a place among the wise, But I can keep the right.

IN MEMORY OF AMY PACKARD (1970-1988)

"Nature is more beautiful than art ..." BUFFON

Amy was a lover of nature and all God's creatures, from the tiniest mouse to the magnificent horse.

She had a special affinity with animals and was at her happiest when caring for her dog, ducks, and horses.

She loved to feed the mice in the barn and the flocks of wild birds in the yard.

Her hobbies were: horseback riding, caring for her animals, and gardening.

TO AMY

The childhood dreams and games we shared are only a memory in my mind. As I grow and think of all the plans you made, I sometimes wonder, "Could I have helped?" The tears of our childhood run down my face, but I know I must accept it. I laugh a little when I remember all the crazy things we did. God why? Amy why? I hope there's a place with all the things you love. Amy, if you can hear me, just remember we loved you and always will. But it's time to bid farewell, but never good-bye. Your memories and laughter will live on with us forever. You touched us all and I hope you know that. But now, my friend for life, I must go. And may you be happy and loved wherever you are.

— Cheri Ponder Class of 1988
